

California Academy of Sciences Pre-Visit Health Self-Screening

Your safety is our priority. In order to enter the Academy, all guests must complete this health self-screening:

- **Do not enter the Academy facility if public health guidance recommends that you or a member of your party should either quarantine or isolate due to COVID-19 or if you are currently ill with another communicable illness such as the flu.**
- Use [this calculator](#) to determine if you or a member of your party should isolate or quarantine, and find further details on isolation and quarantine from the State of California [here](#).

If you should not enter the Academy, Academy staff are happy to help you reschedule your visit for another day.

Thank you for helping keep the Academy safe for everyone! For more information, please visit our [website](#).
